To Whom It May Concern

Dear Sir/Madam,

## LETTER OF REFERENCE

MR. SETH ANTWI AMPONSAH

I have known the above-named person for four years in my capacity as a Lecturer, and Course Advisor in the Department of Computer Science, University of Ghana, Legon.

Mr. Amponsah completed his BSc. Degree in May, 2013 with Second Class (honours) Upper Division in Computer Science and Physics. His academic records as well as my personal interactions show that she is a highly motivated young man, very dedicated and resolute in his approach to both academic and social issues.

I have known Mr. Amponsah during his stay as a student at the University during which he demonstrated a good understanding of the course I taught him. He was punctual, regular and active at lectures, either asking probing questions or offering meaningful contributions during tutorials.

His educational background, keen desire to learn and dedication to his career will, in my opinion, contribute to his success in his chosen programme, **MSc Computer Science**.

On the personal side, he is a respectful gentleman with good character and conduct. He mixes well with both his peers and superiors.

I strongly recommend Mr. Amponsah for further studies in your Institution.

Yours faithfully,

for **Jacob Adu Aryeetey (Mr)**
